PUBLIC NOTIFICATION SYSTEM SIGN-UP FORM:

Please complete the form and return it to the Kutztown Municipal Building by 8/14/09

As published in the spring/summer edition of the *Kutztonian News*, the Borough has invested in a Public Notification System that will allow the Borough to alert the community in a matter of minutes about problems within the Borough, such as police emergencies, water/sewer system emergencies, electric, television and Internet outages, snow emergency road closings, industrial disasters and terrorist threats. The system will track each call and whether or not the call was answered, and the Borough will be able to print a report outlining who has not been contacted, so follow-up calls can be made.

Public Notification Systems have been adopted by government agencies throughout the country to assist with the task of alerting citizens, but to be successful in Kutztown, your cooperation is needed. When completing the form below, please fill out your preferred method(s) of contact.
