

ABOUT THE PLAN

The Kutztown Borough Comprehensive Plan is presented in two volumes. The first volume is the main body of the plan, including an action plan for the Borough. The second volume is a map supplement that contains a set of 13 color maps that are presented as a separate document for ease of use.

Print copies of Volume I, the main body of the plan, and Volume II, the map supplement, will be available at Borough Hall. They will also be available for viewing and downloading on the Borough's website.
