Passed by unanimous vote.

Under Borough Planning Commission, a motion was made by Ms. Devlin, seconded by Ms. Martin, Resolved, To move forward with developing Overlay Districts within the Borough of Kutztown.

Andrew Arnold read aloud the Planning Commission’s recommendation letter regarding developing Overlay Districts within the Borough.

Lisa Ladd-Kidder spoke against the Planning Commission’s recommendation because she thinks that the motion is too broad.

President Snyder questioned if Council was being asked to consider Overlay Districts for the entire Borough or an Overlay District for one particular area.
Mr. Arnold clarified that the Planning Commission intended for “Overlay Districts” to be plural and that they do not want to continue wasting time on something that Council does not support.

Mr. Mooney stated that the Borough can approve as many or as few Overlay Districts as desired, and that the question at hand is whether or not Council wants to proceed with an Overlay District to accommodate the proposed development in the Silk Mill District. He further stated that the Borough is under no obligation to approve an Overlay District; however, the Planning Commission and the developer need an answer.

Resident Phila Back expressed her objections to Overlay Districts and to the proposed development because she fears it will bring more student housing to town.

President Snyder explained that Council is only considering moving forward with the development of Overlay Districts at this time, and if approved, it doesn’t necessarily mean that any particular project will also be approved.

Mr. Seyler expressed his curiosity on how an Overlay District would benefit Kutztown and he stated that he would like the Planning Commission to continue.

Ms. Martin acknowledged the fact that she is a leasing agent for the developer interested in utilizing an Overlay District, but she stated that she is not financially or personally attached to the proposed development. She expressed her appreciation to the Planning Commission for their work and she recognized their lack of guidance from Council. She introduced a discussion about an Ordinance drafted by SSM Group, Inc., that she feels covers the concerns of residents, Council and Planning Commission members. She noted that the draft Ordinance gives the Borough a great chance at
designing an Overlay District to Council’s specifications and that she would like to see a
draft presented to Council in October.

Bob Grim spoke in opposition to Overlay Districts. He also stated that the
proposed development would be harmful to current downtown businesses and that
additional student housing is bad for the town as well. Mr. Grim acknowledged Ms.
Martin to be a “good public servant,” but he stated that he thinks it is a violation of the
“Public Official and Employee Ethics Act” for her to comment and second a motion on a
vote that involves the developer for whom she works.

Mr. Mooney responded with his opinion that Ms. Martin can talk about and vote
on the Ordinance, but not on the proposed development that is tied to her employer.

Mr. Grim disagreed with Mr. Mooney and asked to have the following excerpts
from the “Public Official and Employee Ethics Act” put on the official record:

1. Declarations – The Legislature hereby declares that public office is a
   public trust and that any effort to realize personal financial gain
   through public office other than compensation provided by law is a
   violation of that trust.

2. Conflict or Conflict of Interest – Use by a public official or public
   employee of the authority of his office or employment or any
   confidential information received through his holding public office or
   employment for the private pecuniary benefit of himself, a member of
   his immediate family or a business with which he or a member of his
   immediate family is associated.

3. Conflict of Interest – No public official or public employee shall
   engage in conduct that constitutes a conflict of interest.

4. Voting Conflict – Any public official or public employee who in the
   discharge of his official duties would be required to vote on a matter
   that would result in a conflict of interest shall abstain from voting and,
   prior to the vote being taken, publicly announce and disclose the
   nature of his interest as a public record in a written memorandum filed
   with the person responsible for recording the minutes of the meeting at
   which the vote is taken.

Mr. Mace expressed his opinion that the Planning Commission and Council
should refer to the Comprehensive Plan on guidance for how to proceed, and that would be to vote “no” for Overlay Districts.

Mr. Arnold asked if there is anything specific that Council would want prohibited from Overlay Districts that should be included in the Ordinance. Mr. Seyler stated that he would like to see student housing prohibited, and Ms. Martin stated that she would like to see single family homes prohibited from being turned into student housing, as well as the exclusion of strip malls.

After more than an hour long discussion, Ms. Devlin withdrew her motion to move forward with developing Overlay Districts within the Borough of Kutztown, and Ms. Martin withdrew her seconding of the motion, and it was the consensus of Council.

A motion was made by Ms. Devlin, seconded by Mr. Mace, Resolved, To request the Planning Commission to come to Council with some targeted areas that we would like to look at changing by either correcting zoning, creating overlays or whatever it is to correct some of the issues that we have. Passed by unanimous vote.

Mayor Green stated that she does not believe industry is coming back to Kutztown, and that we need to use creative thinking to start developing what we have in town that is not being used and often being vandalized.
Mr. Arnold read aloud the Planning Commission’s letter recommending that Council conditionally approve the Edge II Sewer Planning Module, subject to the developer addressing Item Nos. 4 and 5, and obtaining appropriate signatures for Component 3.

A motion was made by Mr. Schlegel, seconded by Mr. Mace, Resolved, To conditionally approve the Edge II Sewer Planning Module, subject to the developer addressing Item Nos. 4 and 5, and obtaining appropriate signatures for Component 3. Passed by unanimous vote.
