# EVERY HERO HAS A STORY

## Library Summer Reading Program

It's a bird. It's a plane. No, it's "Super Reader!" This summer, "Super Reader!" will appear regularly at her home at Kutztown Community Library, during our adventurous "Every Hero Has a Story" summer reading program, from June 8 through August 15. All kids from birth through high school are encouraged to discover all different types of heroes.

Registration for summer reading begins on Monday, June 8. The Summer Kickoff will feature a "Super Hero Training Camp" and heroic family movie at 10am on Thursday, June 11. Guest presenters will be featured Thursday mornings throughout the program, including the D.C. Perry "Heroically Hysterical Drawings, Songs and Silliness;" Al Grout's heroic juggling and magic; Yocum Family Institute's "Miss Electricity;" Mad Science of the Lehigh Valley; Bug Heroes with Prof. Setliff; Lehigh Valley Heroic Therapy Dogs; Kutztown Community Heroes and more.

Preschool and toddler readers will have story times on Mondays and Tuesdays; teens will be "discovering the hero within" on Monday evenings at 6pm. This summer, "BE A HERO, READ!" at Kutztown Community Library.

## Traveling Soon?

Ready to travel to a tropical beach after the cold and snowy winter? Kutztown Community Library provides convenient passport services to local residents several mornings and afternoons a week, evening hours up to 6pm, Monday through Thursday, and Saturdays late mornings into early afternoon. Call 610-683-5820 for more information and to set up an appointment.

## 1000 Books Before Kindergarten

Kutztown Community Library's "1000 Books Before Kindergarten" program is designed to help parents prepare their children for one of life's big milestones: starting kindergarten.

Research has shown that children get ready to read years before they begin their formal education, and an excellent way to get children ready to learn is to read to them. The program will encourage families to read at least 1000 books to their children before they enter school.

Parents reading with their children shows them that reading is valuable and enjoyable. It also helps children develop background knowledge, build vocabulary and become familiar with the reading process.

As milestone numbers are reached, children will receive coloring sheets, stickers, a book and a t-shirt once they have completed the program.

**Library Hours** Monday – Thursday: 9:30am – 7:00pm  
 Friday: 9:30am – 5:00pm Saturday: 9:30am – 4:30pm

Attendees will be encouraged to purchase food from Kutztown restaurants. Music will be provided. This event focuses on the charm of Kutztown's Main Street and its varied restaurants.

## SATURDAY, AUGUST 1, 2015

**Bicentennial Parade, Main Street, 7pm**  
 What's a celebration without a parade? Plans are well under-way to organize a memorable event that will be seen by thousands of people and publicized throughout eastern Pennsylvania. The parade will begin at 7:00pm, which was the starting time of the much beloved, but now defunct, Kutztown Halloween parade.

## WATER DEPARTMENT UPDATE

The new Water Plant has been fully operational since mid-September, 2014, and nitrate levels in our processed water distributed to our customers have decreased by 50%.

## WASTEWATER DEPARTMENT UPDATE

The Borough of Kutztown's Wastewater Treatment Plant is a collection system, consisting of approximately thirty-five miles of pipe and four pump stations, that feeds the 1.5 million gallons per day newly upgraded facility.

The upgrade completed in 2014 was comprised of the following: a phosphorous removal system, an ultraviolet disinfection system, a chemical feed building with bulk storage tanks, the replacement of settling tank weirs, flood-proofing walls and pumping system, a new 24" outfall with check valve, a 20-3250kw Kohler generator to power the entire facility, the demolition of the original control building and structures, and the construction of a new control building, maintenance shop and garage.

The Wastewater Treatment Plant and collection system are operated and maintained by three licensed operators and a licensed plant manager. The facility falls under the Pennsylvania Department of Environmental Protection Class B, Subclass #2. The treated effluent is received by the Saucony Creek, tributary to the Maiden Creek, which then enters the Schuylkill River waterway.

## ELECTRIC DEPARTMENT UPDATE

Over the last six months, the Borough Electric Department has performed various pole replacements and has been trimming trees from the electric lines to help ensure electric service reliability. Common causes of outages have been a pole fire due to a faulty insulator, squirrels, faulted lightning arrestors and tree branches. No outage has lasted more

than 90 minutes in the last six months. LED street lights have already been installed on College Boulevard and Noble Street as well as portions of East and West Main Streets, Normal Avenue, South Baldy Street and South Whiteoak Street. This summer, the Electric Department will install five more decorative street lights on West Main Street between Strausser Alley and Noble Street.

## PUBLIC WORKS DEPARTMENT UPDATE

The County is expected to start construction on the Normal Avenue Bridge, in June, with hopes of finishing this fall. As a result of replacing the superstructure of the bridge, traffic will be detoured. The Peach Street Bridge is expected to be replaced in 2017.

In anticipation of the 2016 East Main Street Repaving Project, storm system upgrades will be performed this year.

Installation of updated playground equipment in the Kutztown Park began in May and is scheduled to be finished by Kutztown Day. The playground will be completely redesigned, making a loop around the sand box, and installing equipment that meets current safety standards. During the upgrade, playground equipment will be unavailable in the park.

## Water Department Wins Award Again!

For the second year in a row, and the fourth time overall, the Borough Water Department was presented with an Area Wide Optimization Program Award for their efforts in optimizing water turbidity, which is the level of cleanliness of drinking water. The award was given by the United States Environmental Protection Agency and the Pennsylvania Department of Environmental Protection during the Pennsylvania Rural Water Association Annual Conference in March. Congratulations to the Water Department and thank you for a job well done!

## From the Desk of Brenda S. Bailey, Borough Tax Collector

County/Borough Real Estate Tax bills arrived on March 1 and the 2% discount period ended on April 30, 2015. Payments made in May and June are due at the flat rate. Payments made July 1 or later should be paid using the 10% penalty rate.

School Real Estate Tax bills are mailed July 1. If you are interested in paying these bills in three installments, please remember the first installment is due by July 31. Paying in three installments allows you to pay the flat amount in three even installments over four months. If you want to take advantage of the 2% discount, your payment must be received by August 31.

Per Capita Tax bills (the \$15.00 per head tax due for anyone 18 years or older that lists Kutztown as their home for Income Tax purposes) are also mailed by July 1. There is an annual exemption form for the Per Capita Taxes for anyone whose income does not exceed \$5,000.00 per year. These forms are available in my Tax Office at 350 W. Main Street in Kutztown. If you feel you received a Per Capita Tax bill in error, please notify me by mail or call 610-683-8245. It is very important for all corrections and payments to be completed by December 31, 2015. Starting in January, the unpaid Per Capita Tax bills are sent to Berkheimer Delinquent Tax Bureau for collection. After that time, any payments or questions need to be addressed to Berkheimer at 866-701-7202.

I hope this helps explain your taxes. If you have any questions, I will be happy to help you. Enjoy your spring and summer!

## Officer Bob Gately Retired

Officer Robert “Bob” Gately retired from the Kutztown Police Department (KPD) on October 16, 2014, after over 34 years on the force.

Before joining the KPD in 1980, Bob was hired as the very first police officer in Kutztown University’s Department of Public Safety, where he worked for a year and a half.

Throughout his years with the KPD, Bob held several different positions, including patrol officer, which is how he began and ended his career. He also served as sergeant and criminal investigator for several years each. As impressive as that sounds, Bob insists that “the title didn’t matter because the main part was to help people and provide the services to protect and serve.”

Although police work can be dangerous, Bob loved the job, the people with whom he worked and always residing in or just outside the Borough. When asked what he would miss most about his career as a police officer, Bob didn’t pause before stating that he would miss “having a positive influence on people’s lives, providing a necessary service and locking up predators.”

Bob plans to keep busy in his retirement. He and his wife, Judy, love to take walks, travel and visit their son Matthew.

Thank you, Bob, for your many years serving and protecting the Borough of Kutztown. We appreciate your service and wish you the best.

## Meet Emergency Management Coordinator Mike Russo

On November 18, 2014, Michael Russo was appointed as the Borough’s Emergency Management Coordinator. Mike’s involvement with emergency services for the past 15 years, working as an EMT, volunteering as a firefighter (he is currently the Kutztown Fire Department’s Fire Captain), and his job as a 9-1-1 Dispatcher for the Lehigh County Office of Emergency Services made him a perfect fit for the position.

Mike wants Kutztown residents to know that Emergency Management is here and that the duties range from mitigating potential threats and preparing for disasters, to responding to community emergencies and helping residents recover from them. During a disaster, the Emergency Management Center is staffed with volunteers from the community, as well as representatives from Borough Council, the Fire Department, Emergency Medical Services and the Police Department.

Praising former Coordinators Ken Kern and Mac Eidle, Mike stated that they did a “phenomenal job” staying on top of issues and making sure that Kutztown was always prepared. He also recognized

## Cheryl Wiltrot Retired

From greeting customers and answering busy phones, to processing accounts payable (and baking tasty treats!), the Borough lost a valuable long-time employee when Cheryl Wiltrot retired, after 25 years, on January 9, 2015.

Cheryl worked in the Borough’s administrative office for a quarter century, and her knowledge of the job as well as her rapport with residents, vendors and customers were proof of an established and comfortable career.

When asked what she enjoyed most, Cheryl responded that the diversity of the job always kept her busy, which was very important to her. She explained that because she worked through so many different versions of Borough Council and several different managers, “there were always new challenges and different things to do.” She also enjoyed “interacting with customers and co-workers, as well as living close by, and being a part of the community.”

Cheryl has many hobbies and interests to keep her busy throughout retirement. In addition to her incredible baking, she loves crafting, especially making cards; travelling via motorcycle with her husband, Kenny; spending time with her daughter, Katie, son-in-law, Mike, and granddaughter, Mary; and volunteering with her church.

Although the time leading up to her retirement was bittersweet, Cheryl now enjoys getting up in the morning and doing exactly what she wants to do.

Thank you for your service to the Borough, Cheryl, and best wishes for many years of retirement doing what makes you happy! 🌈

“the outstanding efforts” of volunteers Edna Kramer and Suzy Barron. While Edna recently retired, Suzy still serves as the Emergency Management Administrative Assistant.

Mike is dedicated to serving the Borough’s Emergency Management needs long in to the future, declaring that he loves everything about the position, from preparing the Borough for whatever may happen, to helping get the community back on its feet should a disaster strike again.

The love and support of Mike’s family — wife, Brittany, and daughters, Mackayla and Alexandra — are immeasurable to him, and he thanks them for allowing him to pursue his goals.
