INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the Kutztown Municipal Authority, a component unit of the Borough of Kutztown, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Kutztown Municipal Authority as of December 31, 2020, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 11 to the financial statements, the United States is currently operating under a state of National Emergency due to the Coronavirus Pandemic. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis and budgetary comparison schedule that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Governmental Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report on September 3, 2021, on our consideration of Kutztown Municipal Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Kutztown Municipal Authority's internal control over financial reporting and compliance.

Respectfully submitted,

Hutchinson, Gillahan & Freeh, P.C.

KUTZTOWN MUNICIPAL AUTHORITY
Notes to Financial Statements
Year Ended December 31, 2020

Note 1 - Description of the Authority and Reporting Entity

The Kutztown Municipal Authority is a municipal authority created under the Pennsylvania Municipal Authorities Act of 1945. The Municipal Authority is governed by a five-member board appointed by the Borough of Kutztown. The Municipal Authority furnishes water and sewer services to residents and businesses located outside the Borough of Kutztown. The Municipal Authority was created on August 22, 1962 and was reactivated in 1999.

Financial Reporting Entity

Generally accepted accounting principles require that the reporting entity include the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Authority is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burden on the Authority. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statement to be misleading or incomplete. Based upon the application of these criteria, the Kutztown Borough Municipal Authority has determined it does not have component units. The Authority is a component unit of the Borough of Kutztown and should be included in a combined statement with the Borough. The financial statements represent the activity of the Kutztown Municipal Authority only, and do not reflect any activity of the primary government. Financial statements for the Borough of Kutztown can be obtained at the Borough offices during normal business hours.

Measurement Focus and Basis of Accounting

The Authority's financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Proprietary funds and similar component units apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which cases, GASB prevails.

The accounting and financial reporting treatment applied to the Authority is determined by using the economic resources measurement focus. Accordingly, all assets and all liabilities associated with operations are included in the statement of net position.

Net position is classified into three categories, as applicable, as follows:

Net Investment in capital assets consists of capital assets, net of accumulated depreciation and related debt.

Restricted net position is amounts that have externally imposed restrictions on how the funds can be spent.

Unrestricted net position includes amounts that do not meet the definitions of "net investment in capital assets" or "restricted" and are available for Authority operations.

KUTZTOWN MUNICIPAL AUTHORITY
Notes to Financial Statements
Year Ended December 31, 2020

It is the Authority's policy to first use restricted net position prior to the use of unrestricted net position when an expenditure is incurred for purposes for which both restricted and unrestricted net position are available.

Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The Authority distinguishes operating revenues and expenses from non-operating items in the statement of revenues, expenses, and changes in net position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations. All revenues or expenses not meeting this definition are reported as non-operating revenues and expenses.

Note 2 - Basis of Presentation and Fund Accounting

The accounts of the Authority are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-basing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures.

The funds of the Municipal Authority are grouped in the financial statements as proprietary funds and include a Water Fund and Sewer Fund, which all started August 10, 1999. The focus of proprietary fund measurement is upon determination of net income, financial position, and changes in cash flow. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector.

The intent of the governing body is that the costs (including depreciation and amortization) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The following are descriptions of the proprietary funds of the Authority that are reported as major funds:

Water Fund

The Water Fund is used to account for the operations of the water supply works and water distribution systems. The water system is a public utility service, which is maintained on a self-supporting basis.

Sewer Fund

The Sewer Fund is used to account for the operations of the sewer system. The sewer system is a public utility service, which is maintained on a self-supporting basis.

Reservation of Net Assets

Reservation of the ending net assets indicates the portion of net assets not available for expenditures. This cash is reserved for capital projects as follows:

Water Capital Reserves	\$ 38,842
Sewer Capital Reserves	295,314
TOTAL	\$ 334,156

KUTZTOWN MUNICIPAL AUTHORITY
Notes to Financial Statements
Year Ended December 31, 2020

Interfund Receivables/Payables

Interfund receivables and payables (recorded as Due To/From Other Funds) arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 – Implementation of New Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following standards that were scheduled to take effect for calendar year 2020:

The Authority will evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable.

Grant Programs

The Authority participates in state and federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The Authority is potentially liable for any expenditure which may be disallowed pursuant to the terms of these grant programs.

Concentrations

Kutztown University accounted for 63% of the Authority's water sales in 2020.

Note 11 – Subsequent Events

On March 13, 2020, the President of the United States declared a national emergency concerning the novel coronavirus disease (COVID-19) outbreak.

The full impact of the coronavirus continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on Kutztown Municipal Authority's financial condition and future results of operations. Management is actively monitoring the situation and its impact on the Authority's financial condition. Given the daily evolution of the coronavirus and the global responses to curb its spread, the Authority is currently not able to estimate the effects of the coronavirus on its results of operations and financial condition.

While the Kutztown Municipal Authority considers these disruptions to be temporary, if it continues, the situation could have an adverse effect on the Organization's future operations.

Management has evaluated subsequent events through September 3, 2021, which is the date the financial statements were available to be issued.

COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of Kutztown Municipal Authority, a component unit of the Borough of Kutztown, as of and for the year ended December 31, 2020, which collectively comprise the Kutztown Municipal Authority's basic financial statements and have issued our report thereon dated September 3, 2021. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Kutztown Municipal Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kutztown Municipal Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Kutztown Municipal Authority's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Kutztown Municipal Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance of other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Authority Board, others within the entity and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Hutchinson, Gillahan & Freeh, P.C.
