In an effort to improve code enforcement and interaction with the community, the Borough of Kutztown’s Community Development Office, formerly known as the Code Office, is now established at 324 West Main Street.

Location is not the only change for the Community Development Office. In January, Rachael Birckbichler joined the Borough staff as the Community Development Director. Ms. Birckbichler believes that the addition of this position will allow the department to branch out into true community-enhancing projects with the Kutztown Community Partnership (KCP), Kutztown University (KU) and other organizations. She anticipates this to be “a very busy office, full of energy and creativity,” and encourages folks to stop by and see the beautiful work that the Borough’s employees did with this space.

This new office will certainly be a busy one. In addition to the Community Development Office, other community-oriented organizations and individuals have filled the space. Mayor Sandy Green; the Kutztown Community Partnership; and Kutztown University’s Off-Campus Advisory Council (OCAC) will share the space with Community Development employees Rachael Birckbichler, Dick Diehm, Todd Meltsch and Sue Kline.

According to Borough Manager Jaymes Vettraino, “the Community Development Office was in desperate need of additional space. This new office solves that problem, while the location provides easy access for residents.” In addition, Mr. Vettraino looks forward to the Community Development staff, KCP and KU working together to generate new ideas for projects that will improve the community.

For the first time, the Mayor’s office is on Main Street, and Mayor Green is thrilled about this opportunity. If you would like to stop by and visit to discuss ideas or concerns that you might have, Mayor Green’s office hours are Wednesdays from 4:00 p.m. until 8:00 p.m.

Mayor Green is equally excited to finally have a “home base” for the KCP with which she has been involved for many years. KCP is a community-driven non-profit organization dedicated to the economic revitalization and preservation of downtown Kutztown. Mayor Green invites community members to become active in the organization and feels that “by having a presence on Main Street, residents and merchants will have the opportunity to gather information on downtown businesses, community happenings and local events.”
REACHING OUT TO THE COMMUNITY

Continued from page 1

Kutztown University’s Dean of Student Services and Campus Life, Bob Watrous, is also excited about the prospects of the joint location. He believes that the Community Development Office represents the best example of cooperation among the Borough of Kutztown, the Kutztown Community Partnership and Kutztown University to enhance the overall services to the Kutztown community.

The University, students and citizens, working together with government to address issues of common concern, will now have the means to create effective programs to enhance the quality of life, to improve the Main Street climate and to help build an environment that will create the good feeling for which Kutztown is known.

While the name and location have changed, the Community Development Office continues to offer information on zoning, code enforcement, permits, licenses, etc., Monday through Friday, from 8:00 a.m. to 4:30 p.m. In addition, co-locating the Borough, the KCP and Kutztown University creates limitless opportunities for joint participation on projects that will enrich the entire Kutztown Community.

UPDATE ON MAIN STREET LIGHTING

Last spring’s Kutzonian News provided detailed information about a $632,004 grant that the Borough received for new pedestrian-friendly street lights to be placed on West Main Street. Since then, the Borough has worked on and planned with Great Valley Consultants (GVC) for this project.

On July 20, 2005, the project kicked off with a public meeting to review the plans and receive comment from the community. While the response was overwhelmingly positive, a number of people were curious as to whether the money had to be used for street lights or if it could be used to meet other Borough needs. The grant was obtained through Pennsylvania's “Home Town Streets” program, and Governor Rendell and Pennsylvania’s legislature allocated money for this program for municipal “Main Street” business centers only. The Borough requested funds for a larger area of its community, but the terms of the grant restricted the project to West Main Street. After the public meeting, GVC went to work on the engineering of the project, and in late 2005, significant progress was made.

The next major step in the process was to review the physical locations on West Main Street, which were best suited for street lights. On January 9, members of Borough Council, Borough staff and the Kutztown Community Partnership (KCP) reviewed the locations, and as you might have noticed, white circles were placed at the desired locations along West Main Street. The circles were meant to show the approximate locations for the new street lights, but all of the street lights will be set back further than the marks (approximately 18 inches from the curb). Additionally, after review of each street light position and consideration of comments from community members, the Borough adjusted the locations of some of the streetlights.

Bid specifications are currently being prepared, and it is anticipated that the Borough will receive PennDOT’s approval to advertise for bids in May. The anticipated construction timeline is from early July through October, with appropriate breaks in construction during critical high traffic volume periods.

As noted at the public meeting last July, this is a major project, which the Borough expects will greatly improve the aesthetics and safety of West Main Street once complete; however, the construction period will require patience and cooperation from those traveling through and doing business on West Main Street. The Borough will make every effort to reduce the impact, but at times, traffic lanes will be closed and detours will be necessary.

As another exciting part of the Main Street lighting project, the Borough and KCP are planning to plant more trees on Main Street at the conclusion of the street light project. Anyone interested in the tree-planting project should contact the KCP at 484-646-9069.
A REVIEW OF THE BOROUGH’S VOTING WARDS SYSTEM

Recently, the Borough Council and Planning Commission discussed the possibility of changing the voting wards system in the Borough of Kutztown. Currently, the Borough has two electoral wards, one north of Main Street, including the north side of Main Street (Ward One), and one south of Main Street, including the south side of Main Street (Ward Two).

At present, there are a total of six Council members, and voters from each ward elect three members who reside in their ward to four-year terms. Each ward has a separate ballot, meaning that residents are permitted only to vote for Council candidates from the ward in which they reside, and elections are held during odd-numbered years (2005, 2007, etc.).

The Mayor of the Borough of Kutztown is elected “at large,” meaning that the entire Borough votes for one Mayor.

At its February 13, 2006 meeting, the Planning Commission considered the possibility of changing from the present two-ward system to an entirely “at-large” system. The Planning Commission unanimously recommended that the Borough change to a one ward, seven member at-large Council.

Planning Commission Chairman Milton Kern presented the recommendation to Council at its February 21, 2006 meeting. Some of the reasons the Planning Commission cited in its recommendation were: voter registration between the two wards is imbalanced; many issues in the Borough are not limited to individual wards; eliminating the wards would provide more people with the opportunity to run for a seat on Council; at-large seats make all Council members accountable to all residents of the Borough; and at-large seats allow residents to vote for the candidate of their choice, regardless of where in the Borough the candidate lives.

Kutztown’s two-ward system appears to have originated with, or soon after, the incorporation of the Borough in 1815. Kutztown was located along what was then known as the Great or Easton Road, the primary stagecoach route from the Forks of the Delaware to the interior, and eventually to the Cumberland Gap. This Road already passed through roughly equidistant settlements—Easton, Northampton (today Allentown), Reading, Ephrata, Lancaster, and York—suggestions that Kutztown would become a regional population center of similar size and influence to them, requiring multiple wards. At one point, serious thought was even given to establishing Kutztown as Berks County’s Seat. Over the course of history, other decisions were made, and Kutztown has never grown beyond about 5,000 residents.

The State law governing the Borough incorporates the Pennsylvania Borough Code mandates:

- That if a Borough eliminates all wards, the Borough must have seven members of Council.

If the wards are eliminated, the Berks County Election Board has indicated that Kutztown would continue to have two voting places (two precincts). In a one ward, two-precinct system, the Borough would preserve the two voting places, but all voters would vote for the same slate of “at large” candidates.

Because this is a major change for all citizens of our community, Borough Council has scheduled a Town Hall meeting to take comments and questions about this topic. The meeting will tentatively be held at the Kutztown Middle School on July 18, 2006, at 6:30 p.m. If you are interested in commenting, asking questions or are just interested in the issue, please plan to attend.
2006 Concert Series at the Park Band Shell

Tuesday, May 16
7:00 p.m. – 8:00 p.m.

$35.00 (outside Kutztown SD)
QUESTIONS: Call the Tri-Valley YMCA offices at 610-944-6515

Kutzstown Street Hockey
Fall Session: Saturdays in September and October (Days and Times – To Be Announced) Please call 610-944-6515 for more details.
Library Notes

The Louisa Gonser Community Library is pleased to announce that we now have a Children’s Librarian, Roseanne Perkins, an experienced library director and children’s librarian. In her Master’s studies she concentrated on programs for youth and collection development for children and young adults.

Ms. Perkins’ responsibilities include planning the Summer Reading Program, and we look forward to innovative sessions with the theme, “Paws, Claws, Scales and ‘Tales.” This year, we will again offer programs for older readers as they explore “Creature Feature.”

Another role of the children’s librarian is to act as a liaison to the local school district so that efforts can be made to supplement the school’s resources. Group visits to the library may be scheduled, and Ms. Perkins will also be available for classroom visits.

With increased use of the facility by children and young adults, it is apparent that additional space is required for these special programs. The library staff and board members are currently planning to apply for a grant that will partially finance the renovation of an unfinished area of the library. As always, the financial support of the community is greatly needed and would be appreciated.

The library’s “Friends” group has recently purchased three Reading Public Museum Passes that may be signed out for one week at a time. Each pass admits two adults and four children to regular admission events, and community residents are invited to take advantage of this educational opportunity. Call the library for more information: 610-683-5820.

There is always something new at your library, and we encourage you to visit and enjoy the many opportunities available.

Listen up, Scouts! Arrangements can be made to schedule special Scout meetings, and the librarians can offer a tour or help with badge requirements.

Wireless access in the library allows students to use their own laptop computers!

DID YOU KNOW?

You can get TV, Internet, Phone and Security System services through the Borough of Kutztown?

Hometown Utilicom services are delivered over a state-of-the-art fiber optic network, which means that our customers get superior super-fast broadband Internet, excellent television quality, clear and crisp telephone service and high-tech security system services for the home and office.

DON’T DELAY! Join today and find out why hundreds of your friends and neighbors have joined the HU family!

New Sign-Ups, Changes in Service and Customer Support:
610-683-5722

D&E Telephone Service:
1-800-326-9559

Altronics Security Systems:
610-868-8000

ALERT SIREN TO SOUND!

The Kutztown Emergency Alert Siren will be tested on 8/4/06 & 11/3/06 at 12:00 noon.
In case of an actual emergency, the best sources of information are local TV and radio stations.

PUBLIC WORKS:

Proposed Road Improvement Areas for June and July, 2006:
• South Whiteoak Street from Main Street to Normal Avenue
• Briar Circle South from College Boulevard to the Circle
• Church Lane from Fair Street to Cemetery Lane
• East Walnut Street from North Cedar Street to Kemp Street

REFUSE & RECYCLING NOTES:

All refuse and recycling collection schedules have been mailed. If you did not receive a schedule or need additional schedules, please stop by or call the Public Works Building at 610-683-3202.

The refuse and recycling department is currently awaiting delivery of a new refuse packer truck. The brand new truck was purchased through a joint purchasing contract, which helped the Borough to save more than $8,000.00!

Published in accordance with Borough Code Act No. 581, Section 1043. The annual audit and financial report for the Borough is available for public inspection during normal business hours at the Kutztown Municipal Building, 45 Railroad Street, Kutztown, PA 19530.

Recently, Kutztown Borough Council approved refinancing a portion of the General Obligation Bonds (G.O. Bonds) saving the Borough money by obtaining lower interest rates on the bonds. Credit rating agencies measure municipal borrowers' financial health and ability to repay its debt and issue "credit scores" with the highest rating AAA to lowest D. All bond issues of the Borough of Kutztown achieved the top insured credit rating of AAA by the agency Standard and Poor’s. Municipal borrowers with the best ratings generally pay the lowest interest rates on their bonds.
