TELECOM & INFORMATION TECHNOLOGY UPDATE

Hometown Utilicom (HU) is coming off one of its best years ever...thank you to our loyal customers! Our goal for 2010 is to continue to grow the system and to grow our customer base.

Below is information that all Borough residents should know:

TV
One of the most unique aspects of the HU system is “Clear QAM,” which allows the capability to offer Digital and High Definition television content without the requirement of a set-top box. We believe that this is the best cost-saving option available to date.

Did you know that HU television has more than 132 unique channels? Plug in your digital-capable TV and see for yourself. Our channel lineup gets updated regularly for your convenience. It is linked to the Borough and HU Web sites, and you can also pick up printed copies at the Kutztown Municipal Building. Visit the HU Web site to access a search program that helps you find channels by name, channel number or network.

INTERNET
The Internet can be a wonderful thing, but unfortunately, it gets abused, and the television industry is now seeking damages for copyright infringement music industry took years ago, the television industry has begun a campaign to seek out the illegal download of movies. Similar to action the industry has taken years ago, the television industry is now seeking damages for copyright infringements as well.

Please be aware that it is a violation of the HU Internet use policy to download, copy or possess illegally obtained copyrighted materials. There are programs that track this type of activity, and any violators will be contacted and subject to termination of service. In addition, we are responsible for providing information regarding these offenses when requested by legal authorities.

INFORMATION TECHNOLOGY

We are pleased to announce the completion of the conversion to our new billing system. As with any major change, there were some bumps along the road, but we managed to streamline our internal operations and reduce our operating expenses by $25,000 per year. This is a significant savings for our community!

Online Bill Pay is now available for utility and telecom service customers! Log on to the Borough Web site to pay or print a bill, or to view usage, payments and graphs pertaining to your account.

In addition, the brand new Utility and Services Calculator/Estimator can help you to verify your bill or estimate future bills based on approved current rates. Along with this is the Utility Comparative Program, which compares your electric bill against other local electric utilities.

LIBRARY NOTES

http://www.berks.lib.pa.us/louisagonsercl

“Make a Splash” and “Catch a Wave” over to the library this summer where we will feature books and activities with a water theme. The Summer Reading Program begins June 14, and runs for 10 weeks, through August 20.

For the first time, this year we will offer children and teens the choice between filling out paper tickets and using an online log to keep track of their reading. Kids who participate will earn prizes and be eligible for drawings, including a county-wide drawing for a new laptop computer. We will also offer special programs on Wednesday mornings at 10 a.m. in addition to our regular story times. Check us out on the Web or stop by the library for information about upcoming events.

OFFICER TERRY HAHN RETIRED

Patrol Officer Terry Hahn retired on April 28, 2010, after serving the Borough for 25 years.

Terry began his career in 1981 as a U.S. Marine Corps K-9 cop, but after four years of military service he was ready for a change. He was hired by the Kutztown Police Department in 1985, which is where he chose to stay for the remainder of his career.

Kutztown Police Chief Craig Summers praised Terry as a “long-time steady performer who never made waves within the department.” He also commended Terry for the Meritorious Service Award that he received in 2001 and the Distinguished Unit Citation Award that he received in 2004.

Terry enjoyed patrolling the streets of Kutztown over the years because of the variety of calls to which he responded. He expressed that working for one department from rookie to retirement was a very unique experience, and although he will miss the camaraderie of the department, he is ready to retire.

While Terry has no immediate plans, he will continue to enjoy his favorite hobbies, which include traveling (especially to Disney World), fishing, biking and canoeing.

Terry and his wife, Donna, have been married for 21 years, and they have one son, Nicholas, and one daughter, Rebecca.

We thank you, Terry, for 25 years of service to our community, and we wish you a healthy and happy retirement!
